Giving Opportunities

We are committed to providing partnership opportunities that help us fulfill our mission to pay the price for the healing of the nations, while also meeting your business goals. Your support of Good Samaritan Ministries (GSM) sends a message that you value the health, wellness, and spiritual development of individuals, families, and communities through your passion, work, and business.

Who We Are

GSM began 45 years ago, when one woman said, "yes" to the call of God to go and teach, "nothing but the Kingdom." She learned this meant being with one person at a time, looking past their outward behaviors - the way they wore their pain - to the person God had created. It meant listening deeply to the cry of the soul, and helping that individual discover the beauty, and value of the divine original within.

The parable of the Samaritan found in Luke chapter 10, asks the question, "who is my neighbor?" Then goes on to demonstrate what it means to be a neighbor to anyone in need - to be willing to give your life, time, resources, and attention, and to give these expecting nothing in return. To be a Samaritan, is to pay the price for the healing of another human being.

For more than 45 years GSM has offered hope, health, and healing in over 26 countries. Groups, classes, teaching, training, core-education, food pantries, community resources, and all affiliated services are offered on a donation basis, and no-one is ever turned away, regardless of their ability to pay. We then teach those who receive healing to, "go and do likewise."

Today, Good Samaritan Ministries is growing under the leadership of our International Executive Director, Teresa Stroup, MSW, LCSW. Teresa has touched countless lives as a mental health program manager, counselor trainer, advocate, and program developer.
